OBJECTIVE

Software engineering student at 1337 Coding School, delivering efficient, scalable solutions to real-world challenges. Passionate about turning complex problems into streamlined successes through code and collaboration.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript

Web Development: Django, HTML/CSS, REST APIs, WebSockets

DevOps & Tools: Docker, Git, GitHub, GitLab, Virtual Machines

Operating Systems: Linux/Unix, Windows

Databases: PostgreSQL

Core Competencies: Algorithms, Data Structures, Debugging, Optimization

PROJECTS

Ft_transcendence | Multiplayer Game App

- Launched a real-time pong game with Django and Three.js, also boosting user engagement via seamless chat and authentication features.
- Teamed up to deliver a responsive, secure design, cutting load times by 20%.

Inception | Dockerized System

- Deployed a multi-service system with Docker, ensuring zero downtime for web and database operations.
- Streamlined setup and maintenance, saving 15+ hours in admin time.

Ft_irc | IRC Server

- Engineered a C++ IRC server, connecting 50+ users flawlessly with official clients.
- Optimized performance, reducing latency by 30% through smart network design.

WebSocket Client | C++ Client

- Built a fast, lightweight WebSocket client with Boost.Beast, enabling real-time data for 100+ connections.
- Slashed communication delays, improving app responsiveness by 25%.

EDUCATION & CERTIFICATIONS

Software Engineer

1337 Coding School, Ben Guerir, Morocco
October 2022 – Present

- Reached Level 11.25 in the 42 curriculum, mastering 20+ projects in algorithms and systems.
- Excelled in algorithms and web development, solving complex challenges fast.

Baccalaureate in Physics Sciences

Lycée Qualifiant le Maghreb Arabe, Marrakech, Morocco
2018 – 2021

EXPERIENCE & ACTIVITIES

Capture The Flag (CTF) Participant

1337 Coding School ELITE CTF, November 2023

- Tackled cybersecurity challenges in a team, securing 4th place out of 20+ groups.
- Cracked tough problems under pressure, sharpening reverse-engineering skills.

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (Fluent), French (Intermediate)
