OBJECTIVE

Software engineering student at 1337 Coding School, eager to contribute to innovative projects. Skilled in problem-solving and delivering impactful solutions, with a passion for adapting to new challenges and driving technical success.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript
Web Development: Django, HTML/CSS, REST APIs, WebSockets

DevOps & Tools: Docker, Git, GitHub, GitLab, Virtual Machines
Operating Systems: Linux/Unix, Windows

Databases: PostgreSQL
Core Competencies: Algorithms, Data Structures, Debugging, Optimization

PROJECTS

Ft_transcendence

Full-Stack Web Application

- Built a dynamic web app with real-time features using Django, JavaScript, and PostgreSQL.
- Collaborated with peers to implement user authentication and responsive design.

Inception

Dockerized System

- Virtualized a multi-service environment using Docker, including a web server and database.
- Enhanced skills in containerization and system administration.

Ft_irc

IRC Server

- Built a C++ IRC server compatible with official clients, handling multiple connections.
- Applied network programming and object-oriented design principles.

WebSocket Client

Websocket client in c++

- Created a lightweight WebSocket client in C++ for real-time communication.
- Uses the Boost.Beast library for efficient WebSocket client functionality.

EDUCATION & CERTIFICATIONS

Software Engineer

1337 Coding School, Ben Guerir, Morocco
October 2022 – Present

- Completed the Common Core (100%) and advanced to Level 11.25 in the 42 curriculum.
- Developed proficiency in algorithms, system programming, and web development through 20+ projects.

Baccalaureate in Physics Sciences

Lycée Qualifiant le Maghreb Arabe, Marrakech, Morocco
2018 – 2021

EXPERIENCE & ACTIVITIES

Capture The Flag (CTF) Participant

1337 Coding School ELITE CTF, November 2023

- Competed in a school-organized cybersecurity challenge, solving problems in cryptography, networking, and reverse engineering.
- Collaborated with a team to secure 4th place among participating teams.

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (Fluent), French (Intermediate comprehension, basic speaking)
